

Hanging Rail
Brackets x 2

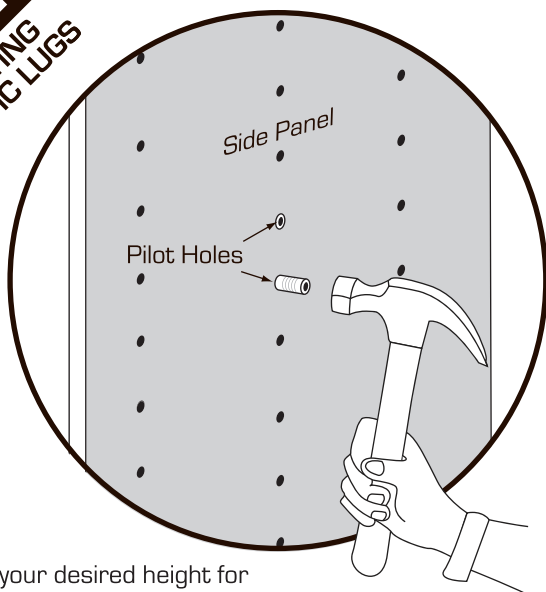

14mm Wood Screws x 4

Plastic Lugs x 4

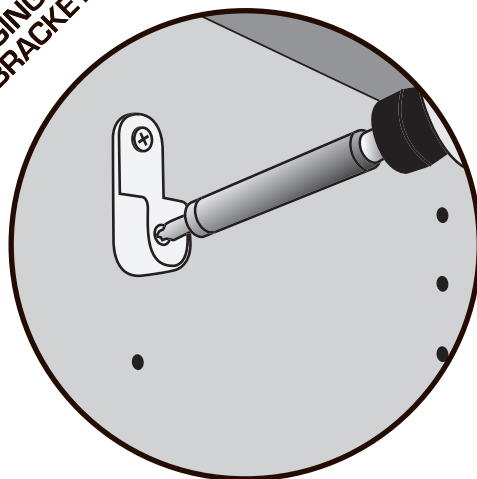

STEP 1 INSERTING PLASTIC LUGS

Locate your desired height for
your hanging rail.

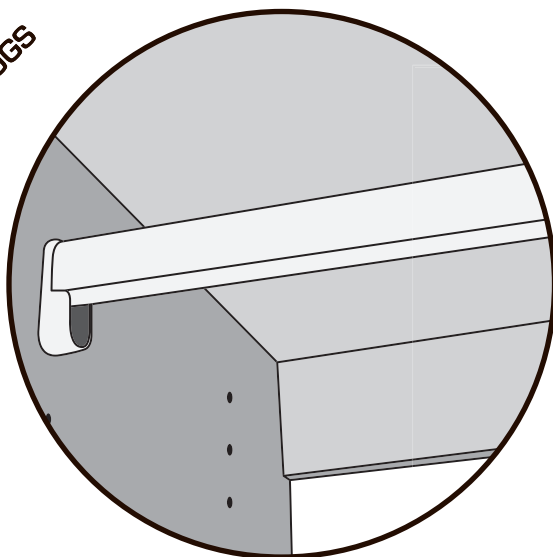

Insert plastic lugs into the two centre pilot holes
on the side panels.

STEP 2 FIXING THE HANGING RAIL BRACKET

Attach brackets with the U shape
at the bottom using the screws
provided.

STEP 3 INSERTING PLASTIC LUGS

Slot the hanging rail into place
and pull down to sit into the
U shape part of the bracket.
